<About the Management Company (as of January 31, 2025)>

Company Name: Daiwa Asset Management Co. Ltd.

Established: December 12, 1959

Capital Amount: 41.424 billion Japanese Yen

Total Assets Under Management: 32.381 trillion Japanese Yen

- In connection with the public offering for subscription of iFreeETF MSCI Japan Empowering Women Index (WIN) (the "Fund"), which is made by way of this prospectus, the Management Company, which is the Issuer of beneficiary certificates of the Fund, filed a securities registration statement with the Director of the Kanto Local Finance Bureau on April 3, 2025 (the "Filing Date"), pursuant to the provisions of Article 5 of the Financial Instruments and Exchange Act. The registration has become effective on April 4, 2025.
- We will confirm the intention of beneficiaries of the Fund in advance when a significant amendment is made to the content of the Fund under the Act on Investment Trust and Investment Corporations.
- The investment trust assets are separately managed by the Trustee under the Trust Act.
- A copy of prospectus issued upon request could be obtained from a distributor. If you request this document, please make a personal record to that effect.

Objective and Characteristics of the Fund iFreeETF MSCI Japan Empowering Women Index (WIN)

<Investment Objective>

The Fund aims to match the rate of change of NAV per unit of the Fund to that of MSCI Japan Empowering Women Total Return Index (which may be referred to as the "Index" hereinafter).

<Characteristics of the Fund>

- (1) The Fund will invest in stocks that are included and scheduled to be included in MSCI Japan Empowering Women Total Return Index to match the rate of change of NAV per unit of the Fund to that of MSCI Japan Empowering Women Total Return Index.
 - To achieve the above, the Management Company may give instructions to adjust the components of the trust assets (including instructions to utilize stock index futures etc.).
 - Depending on the market trends, and the size of the Fund, etc., the management set out above may not be achieved.

<About MSCI Japan Empowering Women Index (WIN)>

- ◆The MSCI Japan Empowering Women Index (the "Index") aims to represent the performance of those Japanese companies selected by MSCI Inc. that exhibit a commitment towards promoting and maintaining a high level of gender diversity among their workforces. The Index has a nickname, "WIN", an abbreviation of the Women's Index.
- ◆Based on data on gender diversity disclosed by the Act on Promotion of Female Activities and disclosure information of companies from each industry excluding J-REITs, MSCI Inc. selects top 50% companies with high gender diversity scores. In addition, companies that are experiencing very severe controversies in general and severe controversies related to human rights and labor rights are excluded.
- ◆Constituent weights are determined by market cap and Gender Diversity Score.

As the Fund is an index fund that aims to track a specific ESG index, it will in principle invest in stocks selected from the perspective of ESG that are equivalent to the total net asset value of the trust asset.

The Fund is classified as ESG funds.

ESG funds are funds that use ESG as a key factor in selecting investment targets and are able to disclose information about their content.

The fund does not seek to obtain so-called social return, which means positive social or environmental impacts as long as economical return.

At present, information on ESG is not always fully disclosed by the companies in which we invest, etc., so there are restrictions on obtaining it, the quality is not always consistent, etc., and this may become a constraint on investment. Definition and/or classification of ESG funds may be revised in future in response of regulations or circumstances surrounding ESG investment.

Principle of Stewardship Code at Daiwa Asset Management Co. Ltd.

At Daiwa Asset Management, we conduct stewardship activities in accordance with our 'Basic Policy on Stewardship Activities' in order to contribute to the maintenance and improvement of the sustainability of the companies in which we invest and of society as a whole. Our 'ESG Investment Policy' sets out our approach to ESG and the key ESG issues that we consider important, and this policy is applied to all of our stewardship activities. We will actively engage in constructive dialogue with companies, etc., based on the 'Policy on Constructive Dialogue with Companies, etc.' which aims to contribute to the improvement of medium- to long-term value and sustainability, while striving to accurately grasp the situation of companies, etc., and share perceptions. In addition, we will exercise voting rights appropriately with the aim of improving the medium- to long-term value and sustainability of companies, etc., based on the 'Policy on the Exercise of Voting Rights,' which sets out our basic approach to voting and specific standards for determining whether to vote for or against a proposal.

- (2) The structure of the Fund differs from that of the standard unlisted investment trusts.
- The units are listed on Tokyo Stock Exchange and can be traded in the same manner as listed stocks.
 - Trades may be made by minimum 10 units.
 - The method of trading is generally the same as that of stocks.
- Subscription of additional units may be made for stocks.
 - Subscribers of additional units must apply for the Subscribing Basket at the time of Subscription (which is the basket composed of the stocks included in MSCI Japan Empowering Women Total Return Index in the ratio designated by the Management Company as equivalent to the component ratio of the stocks included in MSCI Japan Empowering Women Total Return Index).
 - Unless specified otherwise, subscription for cash will not be accepted.
- Units may be exchanged for stocks
 - Unitholders may apply to the Management Company for exchange of the units belonging to them

for the stocks equivalent to the portion of the trust assets represented by the units.

- Units may not be redeemed for cash.
- Distribution will be paid to registered unitholders
 - Registered unitholders are those whose personal names or corporate names, addresses, and personal ID numbers or corporate ID numbers (or, personal names or corporate names, and addresses, in case of persons who do not have personal ID numbers or corporate ID numbers or who receive distributions through payment handling persons as provided for under Paragraph 1 of Article 9-3-2 of the Act on Special Measures Concerning Taxation) are registered by the Trustee as of the last day of each calculation period.
- (3) The distribution will be made, in each calculation period, in the full amount of dividends received, interests received and other incomes arising from the trust assets after deduction of interests paid, management fee (trust fee) and other expenses similarly to these.

Accounting Day is January 10th and July 10th of each year.

*There is no guarantee of the payment or the amount of distributions in the future.

Major Investment Restrictions

- There is no restriction on the investment ratio in stocks.
- The Fund will not invest in assets denominated in foreign currencies.

Investment Risks

Factors to cause fluctuation of NAV per unit

- The Fund will invest in financial instruments whose prices fluctuate and as a result the NAV per unit of the Fund will also fluctuate. Therefore the invested amount will not be guaranteed and a loss of principal may be caused. All the gains and losses accrued to the trust assets will be attributable to the investors.
- Investment trusts are not deposits.

Major factors to cause fluctuation of NAV per unit:

Stock Price	Stock price changes based on the political and economic conditions, operating results
Volatility (Price	of the issuer, and market supply and demand for the security. If the issuer becomes
Volatility Risks,	operationally distressed or goes bankrupt, all or part of invested amount might not
Credit Risks)	be returned. If the price of stocks included in the trust assets falls, the NAV per unit
	may fall below the invested amount.
Other risks	When the trust assets of the Fund are invested in money market instruments such
	as call loans and/or certificates of deposit, losses may accrue due to default of the
	issuers of such instruments (the Credit Risk). This may cause the NAV per unit to
	decline.

^{*}The factors to cause fluctuation of NAV per unit are not limited to those mentioned above.

Additional Considerations

- The provisions stipulated in Article 37-6 of the Financial Instruments and Exchange Act (so-called the "cooling-off period") is not applicable to the investment to the Fund.
- In the event of a large number of redemption and required to provide funds for the redemption in a short period of time, or a sudden change in the market environment in major financial markets, the fund may temporarily reduce the liquidity of its assets, bear risk of not being able to trade at the prices expected from the market conditions, and risk of limiting the amount of transactions.
 - This may cause a negative impact on NAV, may suspend redemption request, and may delay the payment of the redemption proceeds
- The Fund is listed and traded at the financial instruments exchange. The market price is determined by supply, demand and other factors and does not necessarily correspond to the NAV.

Risk Management System

- Based on the Investment Risk Management Policy set by the Board of Directors, the departments or committees in charge at the Management Company, which are independent from the fund management departments, will manage the risks by monitoring and oversighting the fund management department directly or indirectly.
- The Management Company will establish rules for liquidity risk management, monitor the liquidity risk of the fund's assets, and formulate and validate contingency plans.
- The Board of Directors will oversee the Company's liquidity risk management system and ensure appropriate implementation of liquidity risk management.

Additional Items

- Points to note in relation to fluctuations of NAV per unit
 - The Fund aims to match the rate of change of NAV per unit of the Fund to that of MSCI Japan Empowering Women Total Return Index. However, we cannot guarantee that movements of NAV per unit will be exactly identical to those of the index for the following reasons:
- (a) We cannot make composition ratio of individual security in the Fund to be identically the same as the Index in terms of total market capitalization.
- (b) The Fund may incur expenses including management fees (trust fees), brokerage commissions, etc.
- (c) The stock prices used for trade execution could differ from those used for NAV calculation.
- (d) The stock prices used for calculation of the Index could differ from those used for NAV calculation.
- (e) The movement of index futures price could differ from that of the Index (when index future is utilized).
- (f) The impact of the replacement of stocks included in the Index or the change of Index calculation methods.
- (g) The accrual of cash position in the trust assets, which arises from additional subscriptions, dividends received, etc.
 - * As of the end of January, 2025, index futures of MSCI Japan Empowering Women Index have not been listed. Index futures other than the Index may be utilized.
